CONTAINMENT SOLUTIONS

# DUAL HINGE DOOR

## Features

- Fully Customizable sizes
- Premium Handles
- Hold open
- No Threshold
- Soft Auto-Close
- Rigid Aluminum Design

## Door Summary

Engineered for mission-critical environments, the ColoAire Dual Hinge Containment Door delivers smooth access with exceptional durability. Featuring twin opposing hinged panels, this system offers unobstructed entry and maximized airflow control in hot or cold aisle containment systems.

Crafted from high-grade aluminum framing and impact-resistant polycarbonate panels, it's designed for longevity and consistent performance. Precision heavy-duty hinges ensure effortless, whisper-quiet operation. Integrated soft-close functionality adds a touch of refinement while reducing wear.

# DUAL HINGE DOOR
